We next traverse the barren Western Desert, arriving at Wadi Muqaddam, a dried up water course dotted with acacia trees. Day 3: Jebel Barkal & Necropolis of El Kurru

Today we visit Jebel Barkal, a range of red sandstone mountains that are visible across the desert for miles in all directions. They are a holy since ancient times and we will visit a large temple dedicated to the god Amon. Known locally as Amon's 'Pure Mountain' it has been at the heart of Nubian religion for over 1000 years. The ruins here are a world heritage site and several sculptured granite rams, that are thought to have lined a long avenue leading to a pier on the River Nile, are a highlight of the temple.

After lunch, we travel south to the Nubian village of El Kurru to explore one of the necropolises of Napata, the ancient capital of Nubia. We visit a tomb located under some partially collapsed pyramids, that is beautifully adorned with images of the gods, Pharaohs and colourful hieroglyphic inscriptions.

We start today with a visit to the market in Karima. Here we get a real taste of the daily life of the local Sudanese people. We'll next hop aboard a small motorboat for a scenic cruise along the Nile taking passing by stretches of sandy desert and cultivated islands. Continuing along the Nile to the 4th Cataract, a rocky granite formations that before the construction of Merowe Dam created unnavigable rapids, we stop for a picnic lunch. After lunch we visit the archaeological site of Nuri, a collection of pyramids, one of which was constructed by the great Pharaoh Taharqa, who reigned during the 25th Dynasty of Egypt.

Day 5: Karima, visit Old Dongola

We have a long day on the road today, but busy with various different and interesting visits and encounters. After an early start we'll visit a very local and traditional market, before following the Nile to the archaeological site of Old Dongola. The site here comprises Coptic Christian churches with marbles columns as well as other ruins situated on the bank of the Nile. We are in the heart of the Nubian region here, and the local population live in small villages and speak a different language to the Arabs in Sudan. Women are not required to cover their faces and speak readily with foreigners and tourists. Several houses in these villages are painted with patterns of flowers, but most are completely white. We'll have our picnic lunch in one of the village houses with tea and coffee prepared by our Nubian host family. In the afternoon we'll return to Karima.

OVERNIGHT: Karima Nubian house

Day 6: Karima to Ghazali Monastery to Meroe

This morning we cross over the Nile and enter the Bayuda Desert, an area created by a loop in the Nile between the 4th and the 6th Cataract. The landscape is dominated by sharp black volcanic basalt mountains that are mostly cone-shaped. Whilst here we will take time to visit the Monastery of Ghazli. There is also a good chance we will encounter isolated groups of Bisharin Nomads. These desert nomads live in huts made of intertwined branches grouped together into small family groups. These villages are always close to the isolated water wells, which are vital for drinking water both for the nomads and their herds of camels and donkeys

From here we head back across the Nile using a local ferry boat or pontoon bridge. The ferry crossings can be very interesting as the boat is usually packed with people, vehicles, camels, goats and donkeys. After crossing the Nile, we'll catch sight of the Royal Necropolis of Meroe. This amazing site housed more than 40 pyramids, some perfectly preserved, and is perched atop a hill. Tomorrow we will explore this highlight of any trip to Sudan.

Note: the Wadi Abu Dom track is only possible with a minimum of two vehicles - if the group is small with only one vehicle we will take an alternate route on tarmac roads.

OVERNIGHT: Meroe Pyramids permanent tented camp

MEALS: Breakfast, Lunch, Dinner

Day 7: Full day exploring the Meroe Pyramids

Today we spend a full day exploring the amazing Meroe pyramids. We start with the the Royal Necropolis of Meroe, which lies amongst yellow sand dunes about 3km from the River Nile. Some of the pyramids here are remarkably well preserved, with clean, sharp edges and perfectly pointed tops. Each pyramid has an accompanying funerary

chapel their walls adorned with bas-reliefs detailing the King's life and offerings to the gods. We will also try to visit the Tarabil School, which we support as part of our responsible tourism activities, if it's open while we are there. After a short break at the nearby village of Kabushia, we will take time to explore the Western Necropolis, Sun Temple, and Quarries of the Meroitic civilization. Our final treat of the day will be to watch the sun set over the Pyramids before heading back to our camp.

Note: It may not be possible to visit the ruins of the Royal city, which was closed by UNESCO to evaluate damage caused by a flood of the Nile.

OVERNIGHT: Meroe Pyramids permanent tented camp

Day 8: Return to Khartoum via Mussawarat & Naga, Dervishes ceremony

This morning we drive southwards back towards Khartoum. En route we stop at Mussawarat, situated in a beautiful valley surrounded by hills. Here we explore the ruins of a large and important temple. A notable feature of this 1st century A.D. temple is the 'Great Enclosure', a collection of walls and buildings that surround the temple.

Our next stop is Naga, one of two centres that flourished during the Meroitic period. Here we visit a temple dedicated to Apademak. This 1st century A.D. temple is situated amidst the typical Saharan rocky and sandy landscape. This impressive temple is adorned with various bas-relief decorations depicting the Pharaoh, a lion-headed god, and other ritual images. Nearby is a oddly unique construction called the 'kiosk'. This monument consists of columns and arches of various styles, including Egyptian, Roman and Greek. Next we visit a temple dedicated to the Egyptian god Amon. The site has many statues of rams and beautiful bas-relief decorated gates. Leaving Naga, we finish our tour through northern Sudan by returning to Khartoum.

Once back in Khartoum, we will visit the tomb of the Sufi leader Ahmed al Nil where you can experience the fascinating and impressive Dervishes Ceremony (**Note:** The Dervish ceremony is only available on Fridays and is dependent on us arriving back into Khartoum in time).

OVERNIGHT: Khartoum hotel

MEALS: Breakfast, Lunch

Day 9: Khartoum & Omdurman tour, Nuba wrestling

After a relaxing breakfast we start today's sightseeing by crossing the confluence of the Blue and White Nile rivers passing by the Presidential Palace. It was here that General Gordon was beheaded by the Mahdi's troops in 1885. We continue on to Omdurman, which was the old capital of Sudan to visit the tomb of the Mahdi and Khalifa's House, which is now a small museum about the Mahdi (closed for refurbishment in 2022). We next spend some time exploring Omdurman's colourful souk, before taking a boat ride to see the confluence of the Blue and White Nile rivers. After lunch we'll tour the National Museum, which houses a wealth of historical items along with two rescued temples in its gardens. These temples were saved by UNESCO and relocated to the museum when Lake Nasser was created. (**Note:** The inner part of the museum was closed for refurbishment in 2022, however the temples in the garden are still open to the public).

This evening there should be a chance to enjoy on last highlight, the Nuba Wrestling competitions in Khartoum North. This truly fascinating sport, is a tradition of the Kordofan region of Sudan, and takes place on Wednesdays, Fridays and Saturdays (**Note:** The event was paused during Covid times, but hopefully will resume).

Depending on opening times and other local factors, the order of today's sightseeing may change for that above.

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting.

However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements.

Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements - full details are given on the tour reservation form or on request.

Single Room Supplement (SUSGHT)

Min numbers: 1 person

Price: \$635.00

This option books a single room in all the accommodation throughout the tour. If you are a single traveller and would be happy to share a room, let us know and we will see if we can pair you up with another single traveller of the same sex. If a room share is not available when you book then we will add the single room supplement to your booking and it will be payable with your balance payment unless we have arranged a room share for you by then. If a room share is arranged after you have paid the supplement then we will refund it to you. Room shares are arranged in order of booking.

Note: The price shown is a low season price. Slightly higher prices may apply during high and peak seasons - the exact price for your dates will be shown on the online booking form and is always available on request.

Soleb extension (3 days)

Min numbers: 1 person

Price: \$1020.00

This 3-day extension visit Wawa and included tours to the Temple of Soleb & Island of Sai along with the rock engravings at Tombos and picturesque Nubian desert villages. An escort guide is provided from 6 passengers upwards. If fewer passengers select this option then an escort driver with local assistance will run this extension. The itinerary runs as shown below. Prices shown are based on 4 or more travellers booking this extension; a slightly higher price will be due for 2-3 travellers and for those requiring a single room.

Day 9 - Karima to Wawa, via Kerma & Tombos

Today we drive west through the Nubian Desert. We reach the Nile and we cross the Bridge to Dongola city, we continue north on the western side of the Nile on the new asphalt road that crosses part of the Western Desert which in some areas has some nice granite formations. We reach the Temple of Soleb. Here we have our picnic lunch in the house of the guardian of the temple. After lunch we drive a further half hour north to then cross the Nile on a fisherman boat to reach the Island of Sai an important archaeological area where we can find ancient remains from Kerma civilization, Egyptian and Christian culture. During the navigation to the island we may hope to see Nile crocodiles on the shore of the river. After the visit we return to main land and drive back to the house where we will

spend the night.. (B,L,D)

Nubian house in Soleb

This is a typical Nubian house with some rooms with 4 beds each, verandas with other beds, 2 long drop toilets, 1 naturally sun heated water shower. There is a generator working for a couple of hours, so people can charge the batteries from their cameras. A kitchen and a room for the driver is also available. The food will be prepared by our cook. The sleeping bags with sheets and mosquito nets are provided by our organization. Single rooms cannot be guaranteed

Day 10 - Soleb – Ferry crossing – 3rd cataract – Sebu – Tombos

This morning we visit the Temple of Soleb, the most beautiful Egyptian temple of all Sudan, testimony of the New Kingdom in Nubia, with many walls rich in hieroglyphic inscriptions, bas-relief figures and many columns. We then drive south leaving the main road to reach the Nile and following it among some villages before arriving to the ferry. Here we cross the River to arrive to the Eastern bank just north of the rapids of the Third Cataract which used to be the third huge obstacle that the ancient Egyptians had to face when trying to sail on the Nile River. We walk up the hill to the ancient Ottoman Fort where we can have beautiful views of the cataract. In Sebu, right on the river bank of the Nile it is possible to visit one of the richest sites of rock engraving of all Sudan with hundreds of images from prehistoric to Egyptian times. We continue driving through the Nubian villages and among the huge rocks of the Third Cataract to the village of Tombos. Here there were the ancient granite quarries with the remains of a statue of the King Taharqa, simply left there in the desert about 2800 years ago and some interesting Egyptian stele engraved on the rocks. We spend the night in a local private Nubian house, with simple/basic rooms and sharing facilities, but clean and with a couple of western toilets and shower. Dinner and overnight stay. (B.L.D.)

Day 11 - Tombos – Kerma – Karima

A short drive this morning takes us to Kerma where we visit the majestic “Defuffa” the monument that characterizes Kerma civilization. Very interesting is the Museum created by the Swiss archaeological mission after the recovery of seven statues of the Black Pharaohs in 2003. We have time to visit also the Eastern Defuffa located in the middle of the Necropolis, but to reach we need to cross agricultural fields. In the afternoon we return to Karima (B.L.D.)

Day 12- Karima to Khartoum

Today we drive south along the tarmac road across the Western Desert. We stop for lunch in a simple “chai house” (a roadhouse where the local truck drivers stop for food and to rest) and in the afternoon we reach Omdurman where we can return to the interesting souk IF required by the group. Then we cross the Nile and check-in at the hotel where day use rooms will be available until 23.30. Dinner NOT included. (B.L.)

Visa Paperwork Service

Min numbers: 1

Price: \$265.00

Obtaining Sudan visas is not always straightforward. There are two options:

- **Obtain your visa in advance**

This provides the most surety and peace of mind, but it is more expensive and time consuming as you will need to either visit your local Sudanese embassy or post your documents back and forth.

Most nationalities (including UK) now need both an invitation letter from our partners in Sudan, and also a letter from the Sudanese Ministry of Interior to accompany your application.

- **Obtain your visa in Khartoum airport on arrival**

This is a little cheaper, less hassle and works fine. We will provide you with the invitation letter and obtain the paperwork from the Sudanese government that you will need.

This option covers the cost of the additional paperwork you will need to secure your Sudanese visa by either of these routes. The price is payable in US Dollars cash to our local partners in Sudan after you arrive.

There is then an additional visa fee, payable at the immigration desk in the airport. This fee is US\$100 for most nationalities, and US\$150 for US citizens.

It is best to allow one month before you arrive to complete all the registrations. We will need a scanned copy of your passport. The process can sometimes be completed more quickly, but this cannot be relied upon.

Tour Notes

1. Accommodation

We use good quality hotels rated at the Sudanese 4-star level in Khartoum as well as Nubian houses and tented camps in the rest of Sudan. Upgrades to higher level hotels in Khartoum are available on request. All bedding is provided in the tented camps. Sleeping bags are provided at the Nubian house on the Soleb extension.

Hotel accommodation is based on twin or double en-suite rooms with air conditioning. We will endeavour to give all couples a private double room. Single travellers should budget to pay an additional single room supplement if a same-sex room share is not available.

2. Transport

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time we want you to finish journeys refreshed enough to enjoy the next stage of the tour. Our routes in Sudan, available public transport options and the distances involved mean that we use private vehicles such as Toyota Landcruisers (max 4 passengers / vehicle) or Toyota Hilux (max 3 passengers / vehicle) throughout this tour.

3. Transfers

This tour includes an airport meet and greet and transfer service on the first day of the tour. Our rep. will be holding an Encounters Travel signboard or have your name displayed for easy identification. If you can't find our representative, our emergency contact numbers will be provided on your tour confirmation voucher.

A departure transfer to the airport is also included at the end of the tour. Please check the tour itinerary and your flight times; most international flights leave Khartoum in the early hours of the morning, and as a result if you have upgraded the hotel in Khartoum to 4 or 5-star we normally only include a day-use room in the Khartoum hotel for your final day. A full night is included in the standard 3-star hotel. If you will need a full night in the hotel and have upgraded the accommodation, a supplement will generally need to be added.

No refund is available on missed transfers or portions of your trip owing to incorrect flight details being provided or delayed flight arrival. Any additional cost incurred in order to meet up with your group is at your own expense.

If your flights arrive/depart before/after the tour starts/ends then we will be very happy to arrange additional accommodation and airport transfers for you. We will aim to book these in the same hotel as the main tour, though this will be subject to availability (upgraded hotels are also available on request). If you do not book your additional accommodation through us, then our arrival/departure service is not included and you will need to make your own airport transfer arrangements.

Arrival Procedure:

There are often long queues at the immigration desks, and there can be further delays if you are getting your "visa on arrival" (see Passports and Visas). After passport control proceed to baggage reclaim where there can be more long waits. After you have your luggage you will be asked to show your bag receipts (normally stuck to your boarding pass) and you may also have your bags manually checked by the airport officers. This is quite normal, and they will just be checking that you are not bringing anything illegal in Sudan into the country (eg. alcohol, pornographic magazines etc. (please note that some normal magazines you may carry may have some images of undressed public characters...and this may be considered inappropriate). If anything undesirable is found, it will be confiscated

and not returned.

Our representative will then meet you just outside the glass door with an Encounters Travel signboard or your name displayed.

4. International Flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very provide suggestions for flights to go with your tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour. Our Sudan tours start and finish at Khartoum airport (KRT).

5. Group Size/Tour Leaders/Guides

We are committed to being a small group operator, as we feel this gives everyone in the group the best chance to get to know their fellow travellers and to hear and make the most of their guide. There's no point in us providing great guides if you've got to peer over 30-40 shoulders to see them! So, we won't ever put you in a 50-seater coach with 49 other people and just one guide. Instead, we set our Sudan group departures to have a maximum of 18 travellers.

At Egypt Uncovered we aim to only use local Sudanese guides and reps. We feel this gives you the best experience of the country and the sites you are seeing. Please check our website for more details and profiles of some of our most famous guides.

6. Entrance fees & permits

The tour price does not include permits and entrance fees to the National Museum and archaeological sites visited during the tour. To cover these, plus photo permits and local passport registration, a fee of US\$250 per person will be collected in Khartoum at the start of the tour. Please ensure you have 250 US Dollars in new bills, ideally small denominations (\$10/\$20). Please also bring 2 passport photos with you which are needed to complete the permits.

Camera Fees & Permits:

Visitors are required to obtain a permit for photography of any kind, and we will obtain this for you. The permit will stipulate where you can or cannot take photos. There are strict restrictions on taking photographs; photography of military areas or personnel, bridges, broadcast stations, public utilities, slum areas and beggars is strictly prohibited. Always ask prior to taking photos.

Video cameras incur an additional fee of US\$20 for each archaeological site and must be obtained in advance - please let us know several weeks before arrival if you wish to bring a video camera.

7. Tipping

Bahsis (bahk-sheesh) or tips are commonplace and customary in Sudan. Wages for service staff in Sudan are very low and tips are a necessary supplement to meagre incomes.

Having said that, tipping is always optional, and the amounts paid should reflect the service level provided, and your personal budget. We are often asked for advice on common amounts, and for assistance with tipping. Some

suggested guidelines are given below.

Restaurants and taxis: Local markets and basic restaurants - leave the loose change. More up-market restaurants we suggest 5% to 10% of your bill.

Local guides: Throughout your trip you may at times have a local guide in addition to your tour guide. We suggest USD 2 per person per day for local guides.

Drivers: You may have a range of private drivers on your trip. Some may be with you for a short journey while others may be with you for several days. We would suggest a higher tip for those more involved with the group however USD 2 per person per day is generally appropriate.

Tour Guides: To answer your next question. . . as a guideline we suggest for your tour guide between USD 25-40 per person for the entire tour, but ultimately, its up to your satisfaction with their service and your budget. You should not feel pressured to tip any particular amount.

8. Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination. You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions. In addition, additional courses or boosters normally recommended for the countries in this region are:

[South Africa](#): Additional vaccinations: Hepatitis A. [Malaria map](#). Yellow Fever certificate: Required if arriving from or having transitted through an infected area.

[Morocco](#): Additional vaccinations: Hepatitis A, Tetanus, Typhoid. Malaria not normally present. Yellow Fever certificate not required.

The above information can change at short notice. For up to date health information & vaccination requirements we recommend that you contact your medical practitioner or a travel clinic.

Malaria: Vaccinations are not available against Malaria, which is a disease transmitted by mosquitoes that can be very serious and sometimes fatal. You should avoid mosquito bites by covering up bare skin with clothing such as long sleeves and long trousers and applying insect repellents to exposed skin. When necessary, sleep under a mosquito net. Mosquitoes are most active during and after sunset. You should consult with your GP/medical practitioner/travel clinic about the most appropriate malaria prophylactic medication to take for the regions you are visiting.

Yellow Fever: This disease is spread by infected mosquitoes that bite during the day. A Yellow Fever Certificate of vaccination may be required as a condition of entry depending on which country you are arriving from, or that you have travelled or transited through recently (including connecting flights with stopovers of over 12 hours). You can view a [World Health Organisation map](#) of areas where the virus is present in monkeys and therefore a potential risk to humans. Please ensure you have this certificate with you and to hand if necessary.

Please inform us of any pre-existing conditions such as diabetes or asthma and any prescription medicine you may be taking. We also need to know about any food allergies or physical disabilities that you may have.

9. Passports and Visas - Sudan

Passports should be valid for at least six months after your departure from the country, have at least 2 clear pages, and no Israeli stamps. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

Obtaining Sudan visas is not always straightforward. There are two options:

- **Obtain your visa in advance**

This provides the most surety and peace of mind, but it is more expensive and time consuming as you will need to either visit your local Sudanese embassy or post your documents back and forth.

Most nationalities (including UK) now need both an invitation letter from our partners in Sudan, and also a letter from the Sudanese Ministry of Interior to accompany your application.

Please allow a minimum of 4 weeks for the whole process to complete. You may be asked to attend the embassy/consulate for a short interview to confirm you are genuine tourists. Sometimes visas are issued the same day, but often you will need to return a few days later to collect your passport. Most embassies/consulates also offer a postal option. You can also use a visa agency, but you will still need us to provide all the paperwork and cover the costs for it, as well as paying the visa agency.

There is then an additional visa fee, payable at the immigration desk in the airport. This fee is US\$100 for most nationalities, and US\$150 for US citizens.

- **Obtain your visa in Khartoum airport on arrival**

This is a little cheaper, less hassle and works fine. We will provide you with the invitation letter and other the paperwork from the Sudanese government that you will need.

Once arranged we will send you an entry permit - you must print this out and take this with you, or you will not be allowed to board your flight to Khartoum.

On arrival you will exchange this permit for a visa sticker in your passport (first show your passport and entry permit to one official, then proceed to the Counter Visa desk to pay the visa fee and get your visa sticker).

The visa fee is US\$100 or US\$150 for US citizens, payable in cash to the customs officer in the airport (use one \$100 bill and one \$50 bill issued no earlier than 2009).

For both of these options you will need to make an additional payment in US Dollars cash to our local partners in Sudan after you arrive for the provision of the paperwork required to process your visa. Please check the Options

section for details or speak to your travel consultant for more details.

Please send us a scanned or photographed copy of the identity pages of your passport as soon as possible after you have booked so that we can obtain the necessary paperwork for you.

10. Language and Customs

The official languages in Sudan are Arabic and English, according to the 2005 constitution. English is not widely spoken except by officials and hospitality workers. In contrast to many places in the world, it is the older generations that tend to speak the better English.

Sudan is an Islamic nation, and the government has imposed a form of Sharia law. **Alcohol and drugs are forbidden, as is homosexuality.** You should assume that any foreigner will be treated as a local, and dealt with accordingly; in many cases, given a jail sentence of several months and a whipping, the minimum being forty lashes. Do not in any circumstances, show images/statues/figures etc. of the prophet Muhammad.

Sudanese women tend to wear very conservative clothing and cover their heads, so out of respect, foreign women would be wise to do the same, even if they observe other tourists who do not respect this custom. Men should wear long trousers, not shorts. If in doubt, play it safe and cover up.

The Sudanese do not expect foreigners to adhere to Ramadan, the holy month of fasting, but it would be tactless to eat, drink or smoke in public.

11. Time

The time in Sudan is GMT plus 3 hours. Daylight saving adjustments are not applied.

12. Voltage

Sockets accept two round pronged plugs (Type C / D) and the electricity supply is 230 volts. Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already. If you have US appliances you will need a voltage converter as well as a plug adapter.

13. Money - Sudan

The Sudanese Pound (SDG) = 100 piasters. Notes are in denominations of SDG50, 20, 10, 5, 2 and 1. Coins are in denominations of 50, 20, 10, 5 and 1 piasters. The Sudanese Pound has replaced the Sudanese Dinar, which was phased out on 30 June 2007. 1 Sudanese Pound = 100 Sudanese Dinars = 1,000 old Sudanese Pounds.

Please note that credit cards and debit cards are NOT currently accepted in Sudan.

The best place to exchange money is at the airport, the rates are often much better than the rates at hotels. Currency should be exchanged only at official bureaux de change and banks, and receipts should be retained. There are severe penalties for changing money on the black market. Please note that only new US Dollar bills are accepted in Sudan - old or worn bills will not be accepted.

14. What to take

Luggage: To facilitate easy transport of everyone luggage in the vehicles, we ask that you bring soft luggage with

you, and not rigid suitcases. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in your accommodation during your sightseeing trips – you will not need to carry it far, and there are nearly always hotel porters to assist.

Luggage limits: Again to ensure space and comfort in the vehicles you will be travelling in, we request that you bring no more than 15kg of main luggage on this tour. For hand-luggage most airlines allow between 5kg and 10kg and we ask that you try to restrict yours to 5kg max.

Clothing: Sudan's climate ranges from hot and dry in the north to humid and tropical in the equatorial south. October to April is the best time to visit. Temperatures range from 30-38C during the day in October/November and March/April (12-18C at night), and 25-30C in December/January/February (5-10C at night). The summer months can go well over 40C though we don't generally run tours during this period. Dust storms (the haboob) blow occasionally from July to August and November to January. You will need clothing for very hot days but you also need warm clothes for the evenings and nights when the temperature can drop significantly, particularly in the deserts.

Sudan is largely Muslim and operates a version of Sharia law. Modesty rates highly in Sudan, especially for women, so please ensure clothes are loose fitting and not too revealing. Visiting women not expected to wear a veil or cover their heads but we suggest you bring a headscarf or sunhat with you anyway as it is often welcome in the desert and hot sun. Neither men or women should wear shorts.

Other items: Bedding (sheets, blankets, pillow) is provided in the Meroe desert camp but we recommend bringing a light sleeping sheet or sleeping bag liner for comfort all year round (even with the best efforts, sand can find its way pretty much everywhere). We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

Nimitti: Between February and the end of April there may be lots of "nimitti" which are small, harmless, but extremely annoying flies in the north (Tombos, Soleb area) – these flies are the ones that make the pollination of the palms. We will provide fly nets to wear over the face, and the tour leader will recommend to wear long sleeved tops.

15. Dates & Prices

We run regular small-group departures on this tour starting on Thursdays between October and April. All departures are guaranteed to run with a minimum of 4 travellers. If there are only 2 or 3 travellers per date we can still run the tour but an extra supplement will be due. Departure dates and prices are listed on our website and on a separate dates & prices sheet available on request.

Private and tailor-made tours are also available on any date; please contact us for details and prices.

16. Booking & Payment

If you would like to book a place on this tour, please complete the online reservation form on our website (via the Dates & Prices tab on the tour page). You can pay your deposit or full balance online, or just hold a reservation if you prefer. We will then contact you with more details about how to complete your booking. Payments may be made by debit or credit card (subject to a card processing fee), or by making a bank transfer or posting us a cheque/bank draft. Full details will be provided in your booking confirmation email. Please [contact us](#) if you would like any more information or have any questions before making a booking.

17. Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against

cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event). [More information...](#)

You may arrange your own insurance, or you can take advantage of a comprehensive policy that we can arrange for you through Endsleigh Insurance which has been designed to be suitable for our tours. The policy is available to travellers of all nationalities and you do not need to live in the UK to take out the policy. For full details of cover provided, prices and to apply for one of our policies, please complete [travel insurance application form](#).

Note: Any country that borders the Mediterranean is considered as 'Europe' for the purposes of travel insurance (including Turkey, Israel, Egypt and Morocco). If you are doing a tour that visits one country in 'Europe' and one that is 'Worldwide' (for example, an Egypt and Jordan tour), then you need a 'Worldwide' policy. When completing the form you should enter your travel dates including any extra days involved in overnight flights or connecting travel between your home and the tour. Our policies are not able to cover any extra time or activities other than your tour and options booked with us and your travel to & from home.

If you plan to arrange a hot air balloon flight locally, or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

18. Financial Security

Please see [our website](#) or [booking conditions](#) for more information.

19. Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudice: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.
- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.

- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Egypt Uncovered shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

21. Before you travel

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a

backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's '[Travel Aware](#)' campaign which provides further useful and invaluable information.
