Day 2 : Khartoum city tour and Whirling Dervish ceremony (Fridays only)

The main attractions are two beautiful temples that were relocated to the museum by UNESCO, to save them from the floodwaters of Lake Nasser when the Aswan Dam was built. We then cross the confluence of the Blue and White Nile rivers, passing by the Presidential Palace, where General Gordon was killed by the Mahdi's troops in 1885, to reach Omduran, the old capital of Sudan. Here we'll visit the outside of the Mahdi's Tomb. After lunch at a restaurant on the Nile, we'll visit the fascinating Khalifa's House, which houses a small museum about the Mahdyia (Fridays & Saturdays only). Next, we spend some time exploring Omduran's busy and colourful souk, before end the day at the tomb of the sufi leader Ahmed al Nil at sunset, just in time to watch Whirling Dervishes Ceremony (Fridays only).

Day 3 : Khartoum to Meroe Pyramids via Mussawarat & Naga

Leaving Khartoum behind, we drive north into the desert to visit the temples at Naga, which are situated some 30 km east of the Nile, and constructed during the Meroitic period. We then drive on to Mussawarat, which is set in a stunning valley overlooked by hills. Later we continue northward to Meroe, set in the desert strewn with huge round granite boulders, the last offshoots of the rocky formations of the 6th Cataract. Arguably the star attraction of your tour of Sudan, seemingly out of nowhere, more than 40 pyramids appear! These Pyramids make up the Royal Necropolis of Meroe and are in various stated of repair, with some being in near perfect condition. Finally we arrive at our permanent tented camp, where you can enjoy the beautiful view of the pyramids from your own personal veranda.

Our organised tours in Aswan start later in the afternoon with a tour to the island temple of Philae, stopping of at the massive Aswan High Dam en-route. On the west bank of the Nile lies the Valley of the Kings & Queens, with its mortuary temples and rock-hewn tombs, and on the east bank of the Nile sits the Temples of Luxor and Karnak.

After lunch we visit the massive temple complex at Karnak, once the religious heart of Thebes and Upper Egypt. It was connected to Luxor by a sphinx-lined avenue, and the entire complex was in turn connected to the Nile via a canal, through which moved the sacred boats of the god Amun. Entering through a smaller sphinx-lined avenue, built by Ramesses II, you enter through the enormous pylon entrance. Inside the huge Courtyard are three chapels dedicated to the gods Amun, Khous and Mut. The Hypostyle Hall boasts 134 immense columns, carved with scenes of gods and pharaohs, and bold hieroglyphs cover the walls.

We aim to always select hotels that make their Gala Dinners optional, though this is not always possible. Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting. However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements. Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Note: The price shown is a low season price. Slightly higher prices may apply during high and peak seasons - the exact price for your dates will be shown on the online booking form and is always available on request.

Extra day in Khartoum - pre-tour

Min numbers: 1 person

Cairo city tour

Min numbers:1 person

Price From: On Request per person

This half day guided tour of Cairo begins with Islamic areas including the Citadel of Saladdin, boasting the famous Alabaster Mosque of Mohammed Ali. Then we head onto the Coptic area of Cairo where the Romans constructed the fortress of Babylon. The church of St. Mary was built over the ruins of two towers of the fortress whilst it is more commonly known as the Hanging Church next stop is St. Sergius which is said to be the resting place of the Holy Family. The tour finishes with time exploring the Khan-el-Khalili bazaar.

Hot air balloon in Luxor

Min numbers:1 person

Price From: On Request per person

This popular optional tour starts early in the morning so that you experience the sunrise over the Valleys of the Kings & Queens, temples and desert. We endeavour to use the earliest flights of the day as they are timed to fit with the rising sun, this means that times may vary. You get around 1 hour in the air.

Cairo to Aswan flight upgrade

Min numbers:1 person

Price From: On Request per person

This option provides an upgrade from the overnight sleeper train to an internal flight with Egypt Air. An extra night in the hotel in Cairo is included before you fly to Aswan. Flight times vary and are subject to availability. Single room supplements apply.

Saqqara, Dashour & Memphis

Min numbers:1 person

Price From: On Request per person

This half day guided tour on the outskirts of Cairo provides more insight into the history and evolution of pyramid building, and of the Egyptian civilisation. Our tours are based in the area of ancient Memphis, a former capital of Egypt. First we'll visit Saqqara, a huge desert necropolis which was built for the kings and nobles of the Old Kingdom. Here we see Zoser's 'step' pyramid and the adjacent Imhotep museum where we learn more about Memphis and the history of the region. Next we head to Dashour to see one of the next attempts at pyramid building. Dashour's moniker of the 'bent pyramid' shows they still had a bit to learn, but this is a fascinating site and the pyramid still has much of its original limestone cladding. We'll then return you to your hotel.

Abu Simbel overland

Min numbers:1 person

Price From: On Request per person

The temples built by Ramses II at Abu Simbel are one of Egypt's highlights, and have a fascinating story behind them to go with their impressive size. When Lake Nasser was flooded, the final water level was going to submerge several temples, the most important of which being Abu Simbel. The temple was therefore dismantled completely and rebuilt further up the hillside where it sits today. The temple stands today as a testament to Ramses II and the great building prowess of the ancient Egyptians, as well as to modern engineering. We depart Aswan early in the morning to join an escorted convoy which departs Aswan at around 04.30. This gets us to Abu Simbel to see the temples in the light of the rising sun, and we then have a guided tour with one of our Egyptologists and some free time before we drive back to Aswan (approx. 3 hours drive each way, with around 2 hours at the temples). All transfers, guide, and entrance fees are included. The tour itinerary is designed so you will not miss any other activities if you choose this option. Note - we choose the overland route to get to Abu Simbel as the flight times there are unreliable and the journey using the flight is much more segmented (you get more rest on the coach), not to mention it is much more expensive to fly.

Nile dinner cruise in Cairo

Min numbers:1 person

Price From: On Request per person

This option offers an evening of cruising up and down the Nile through the centre of Cairo on a 5-star riverboat while enjoying some middle eastern cuisine as well as a traditional Egyptian Sufi and Belly Dancing show. A great way to spend a free evening in Cairo and see some more of the city. Transfers to and from your hotel are included.

Nile cruise upgrade

Min numbers: 1 person

Price From: On Request per person

If you would prefer some more comfort and luxury than the felucca, then you can upgrade to one of the Nile's famous cruise boats. You join the boat in Aswan and spend 3 nights on board. Sightseeing tours in Aswan and Luxor are done with the main group, but you visit the temples at Edfu and Komombo with the on-board Egyptologist.

On board you enjoy the comfort of an en-suite AC cabin, a restaurant, bar, sun-deck, shop and plunge pool. All meals (3 breakfasts, 3 lunches, 3 dinners) are included. Drinks are not included but may be purchased on board.

Single cabin supplements apply, and triple cabins are not available.

on Christmas Eve and New Year's Eve. Payment for these is often optional on Christmas Eve (24 Dec) but may be compulsory on New Year's Eve (31 Dec), whether you attend or not. Prices can range from around US\$50 to over US\$150 per person. Final decisions on prices and whether dinners are compulsory are made relatively close to the time. We aim to always select hotels that make their Gala Dinners optional, though this is not always possible. Gala dinner prices are therefore not included in our prices above, but will be added to your booking if they become required. More information is available on request.

Please check the Accommodation tab on the tour page or download these Tour Notes for details of the normal hotels used. On our group and shoestring tours, these hotels may change from time to time for other properties of a similar standard. If you would like to guarantee a particular hotel, please request a tailor-made tour.

2 FELUCCA SAILBOAT

This tour features an overnight felucca cruise. Feluccas are very basic traditional Nile sailboats and are a fun and relaxing way to travel down the river. You sleep on the deck of the boat (mattresses and some blankets are provided, but we suggest that you bring a sleeping sheet, blanket or light sleeping bag during the winter months of November-February). There are no toilet facilities on board, but you will be joined several times each day and at night by our support boat where a toilet and warm showers will be available. Mosquito nets are provided for use while you are sleeping but you should bring mosquito repellent for the evenings and early mornings. Your Nubian boat crew will cook all your meals while on board and entertain you in the evenings.

3 TRANSPORT

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time we want you to finish journeys refreshed enough to enjoy the next stage of the tour. Our routes in Sudan, available public transport options and the distances involved mean that we use private vehicles such as Toyota Landcruisers (max 4 passengers / vehicle) or Toyota Hilux (max 3 passengers / vehicle) throughout this tour.

4 TRANSFERS

This tour includes an airport meet and greet and transfer service on the first day of the tour. Our rep. will be holding an Egypt Uncovered signboard with your name displayed for easy identification. If you can't find our representative, our emergency contact numbers will be provided on your tour confirmation voucher.

A departure transfer to the airport is also included at the end of the tour. Please check the tour itinerary and your flight times; most international flights leave Khartoum in the early hours of the morning, and as a result we normally only include a day-use room in the Khartoum hotel for your final day. If you will need a full night in the hotel, a supplement will generally need to be added.

No refund is available on missed transfers or portions of your trip owing to incorrect flight details being provided or delayed flight arrival. Any additional cost incurred in order to meet up with your group is at your own expense.

If your flights arrive/depart before/after the tour starts/ends then we will be very happy to arrange additional accommodation and airport transfers for you. We will aim to book these in the same hotel as the main tour, though this will be subject to availability (upgraded hotels are also available on request). If you do not book your additional accommodation through us, then our arrival/departure service is not included and you will need to make

your own airport transfer arrangements.

Arrival Procedure:

There are often long queues at the immigration desks, and there can be further delays if you are getting your "visa on arrival" (see Passports and Visas). After passport control proceed to baggage reclaim where there can be more long waits. After you have your luggage you will be asked to show your bag receipts (normally stuck to your boarding pass) and you may also have your bags manually checked by the airport officers. This is quite normal, and they will just be checking that you are not bringing anything illegal in Sudan into the country (eg. alcohol, pornographic magazines etc. (please note that some normal magazines you may carry may have some images of undressed public characters...and this may be considered inappropriate). If anything undesirable is found, it will be confiscated and not returned.

Our representative will then meet you just outside the glass door with an Egypt Uncovered signboard or your name displayed.

5 INTERNATIONAL FLIGHTS

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very provide suggestions for flights to go with your tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour. Our Sudan tours start and finish at Khartoum airport (KRT).

6 GROUP SIZE/TOUR LEADERS/GUIDES

We are committed to being a small group operator, as we feel this gives everyone in the group the best chance to get to know their fellow travellers and to hear and make the most of their guide. There's no point in us providing great guides if you've got to peer over 30-40 shoulders to see them! So, we won't ever put you in a 50-seater coach with 49 other people and just one guide. Instead, we set our Sudan and Egypt group departures to have a maximum of 18 travellers.

In Egypt we provide fully trained, local English-speaking graduate Egyptologist guides to run your tour and escort you during all of the sightseeing in Cairo and the Nile Valley. We also have permanent local reps in all the main towns/cities and Red Sea resorts who are also at your service, and will be handling all the practical arrangements for the tour. We use local Bedouin guides for tours through the desert.

On some departures we may use one guide in Cairo, and a second guide for the Aswan to Luxor section. You will have different guides in Sudan and Egypt.

At Egypt Uncovered we aim to only use local Sudanese and Egyptian guides and reps. We feel this gives you the best experience of the country and the sites you are seeing. Please check our website for more details and profiles of some of our most famous guides.

7 ENTRANCE FEES & PERMITS

The tour price does not include permits and entrance fees to the National Museum and archaeological sites visited during the tour. To cover these, plus photo permits and local passport registration, a fee of US\$250 per person will be collected in Khartoum at the start of the tour. Please ensure you have 250 US Dollars in new bills, ideally small denominations (\$10/\$20). Please also bring 2 passport photos with you which are needed to complete the permits.

Camera Fees & Permits:

Visitors are required to obtain a permit for photography of any kind, and we will obtain this for you. The permit will stipulate where you can or cannot take photos. There are strict restrictions on taking photographs; photography of military areas or personnel, bridges, broadcast stations, public utilities, slum areas and beggars is strictly prohibited. Always ask prior to taking photos.

Video cameras incur an additional fee of US\$20 for each archaeological site and must be obtained in advance - please let us know several weeks before arrival if you wish to bring a video camera.

8 LANGUAGE AND CUSTOMS

The official languages in Sudan are Arabic and English, according to the 2005 constitution. English is not widely spoken except by officials and hospitality workers. In contrast to many places in the world, it is the older generations that tend to speak the better English.

Sudan is an Islamic nation, and the government has imposed a form of Sharia law. **Alcohol and drugs are forbidden, as is homosexuality.** You should assume that any foreigner will be treated as a local, and dealt with accordingly; in many cases, given a jail sentence of several months and a whipping, the minimum being forty lashes. Do not in any circumstances, show images/statues/figures etc. of the prophet Muhammad.

Sudanese women tend to wear very conservative clothing and cover their heads, so out of respect, foreign women would be wise to do the same, even if they observe other tourists who do not respect this custom. Men should wear long trousers, not shorts. If in doubt, play it safe and cover up.

The Sudanese do not expect foreigners to adhere to Ramadan, the holy month of fasting, but it would be tactless to eat, drink or smoke in public.

9 TIPPING

Bahsis (bahk-sheesh) or tips are commonplace and customary in Sudan. Wages for service staff in Sudan are very low and tips are a necessary supplement to meagre incomes.

Having said that, tipping is always optional, and the amounts paid should reflect the service level provided, and your personal budget. We are often asked for advice on common amounts, and for assistance with tipping. Some suggested guidelines are given below.

Restaurants and taxis: Local markets and basic restaurants - leave the loose change. More up-market restaurants we suggest 5% to 10% of your bill.

Local guides: Throughout your trip you may at times have a local guide in addition to your tour guide. We suggest USD 2 per person per day for local guides.

Drivers: You may have a range of private drivers on your trip. Some may be with you for a short journey while others may be with you for several days. We would suggest a higher tip for those more involved with the group however USD 2 per person per day is generally appropriate.

Tour Guides: To answer your next question. . . as a guideline we suggest for your tour guide between USD 25-40 per person for the entire tour, but ultimately, its up to your satisfaction with their service and your budget. You should not feel pressured to tip any particular amount.

10 HEALTH AND VACCINATIONS

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination. You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions. In addition, additional courses or boosters normally recommended for the countries in this region are:

[South Africa](#): Additional vaccinations: Hepatitis A. [Malaria map](#). Yellow Fever certificate: Required if arriving from or having transitted through an infected area.

[Namibia](#): Additional vaccinations: Hepatitis A, Tetanus, Typhoid. [Malaria map](#). Yellow Fever certificate: Required if arriving from an infected area.

[Morocco](#): Additional vaccinations: Hepatitis A, Tetanus, Typhoid. Malaria not normally present. Yellow Fever certificate not required.

The above information can change at short notice. For up to date health information & vaccination requirements we recommend that you contact your medical practitioner or a travel clinic.

Malaria: Vaccinations are not available against Malaria, which is a disease transmitted by mosquitoes that can be very serious and sometimes fatal. You should avoid mosquito bites by covering up bare skin with clothing such as long sleeves and long trousers and applying insect repellents to exposed skin. When necessary, sleep under a mosquito net. Mosquitoes are most active during and after sunset. You should consult with your GP/medical practitioner/travel clinic about the most appropriate malaria prophylactic medication to take for the regions you are visiting.

Yellow Fever: This disease is spread by infected mosquitoes that bite during the day. A Yellow Fever Certificate of vaccination may be required as a condition of entry depending on which country you are arriving from, or that you have travelled or transitted through recently (including connecting flights with stopovers of over 12 hours). You can view a [World Health Organisation map](#) of areas where the virus is present in monkeys and therefore a potential risk to humans. Please ensure you have this certificate with you and to hand if necessary.

Please inform us of any pre-existing conditions such as diabetes or asthma and any prescription medicine you may be taking. We also need to know about any food allergies or physical disabilities that you may have.

Note: We are aware of some places in Egypt using ‘black henna’ instead of pure brown henna. Black henna contains a chemical dye PPD (paraphenylenediamine) which can result in severe allergic reactions and resultant scarring. To be safe we recommend avoiding any henna tattoos while in Egypt unless you are certain they are using pure brown henna.

12 PASSPORTS AND VISAS - SUDAN

Passports should be valid for at least six months after your departure from the country, have at least 2 clear pages, and no Israeli stamps. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

Most nationalities (including UK, USA, European, Australian, Canadian, South African) will need to arrange their Sudan tourist visa in advance. Please send us a scanned or photographed copy of the identity pages of your passport as soon as possible after you have booked. We will then obtain approval from the authorities in Khartoum and send you a Letter of Invitation which you can submit as part of your visa application through your local Sudanese embassy or consulate. Please allow a minimum of 4 weeks for the whole process to complete. You may be asked to attend the embassy/consulate for a short interview to confirm you are genuine tourists. Sometimes visas are issued the same day, but often you will need to return a few days later to collect your passport. Most embassies/consulates also offer a postal option.

US, Australian & New Zealand citizens will need to obtain their visa on arrival in Khartoum airport. We will need copies of your passports in advance to arrange the visa approval (ideally at least 2 months before arrival). Once arranged we will send you a landing permit - you must print this out and take this with you, or you will not be allowed to board your flight to Khartoum. On arrival you will exchange this permit for a visa sticker in your passport. The cost for the visa on arrival process is US\$150 for our procedures in Khartoum plus US\$100 or 150 to be paid in cash to the customs officials on arrival.

13 PASSPORTS AND VISAS - EGYPT

Passports should be valid for at least six months after your departure from the country. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

We recommend that you contact your closest Egyptian consulate or embassy for current information for your nationality.

In general official advice is that all nationalities obtain their Egypt visas in advance, as we cannot guarantee that you can get them in the airport. An online e-visa is available through <https://visa2egypt.gov.eg/eVisa/>. Please do not use any other website as there are many scam sites offering Egypt e-visas.

In practice however, many nationalities (including British and European, Australian, New Zealand, USA, Canadian) can and do obtain their visas on arrival in Cairo airport. The process is much quicker and simpler, the cost is currently **US\$25 p/p** and must be paid in hard currency (i.e. GBP, USD or EUR) - you'll be given change in local currency if necessary. There are no forms to fill in and you don't need to bring passport photos. Visas are issued at one of the bank desks in the immigration hall, before you get to passport control. Our representative will have met you by this stage and will assist with the process.

All African and Indian nationals, and some others, will need to obtain their visas in advance.

For further information on your visa requirements, please either contact us or your local Egyptian embassy/consulate.

14 TIME

The time in Egypt, Jordan and Israel is GMT plus 2 hours. Daylight saving adjustments have historically been applied in some years but not others. At present it appears that there will be no daylight saving changes in Egypt 2016 and beyond, though this may change at short notice (with a resulting impact on flight times and schedules). In Jordan and Israel, daylight saving of one hour is generally applied between the end of March and the end of October, making it GMT plus 3 hours. Exact dates vary from year to year and sometimes the changes may be scrapped altogether.

15 TIME

The time in Sudan is GMT plus 3 hours. Daylight saving adjustments are not applied.

16 VOLTAGE

Sockets are two round pronged and 220 volts (Type C). Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already. If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.

17 VOLTAGE

Sockets accept two round pronged plugs (Type C / D) and the electricity supply is 230 volts. Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already. If you have US appliances you will need a voltage converter as well as a plug adapter.

18 MONEY - EGYPT

The local currency in Egypt is the Egyptian Pound, often denoted 'LE'. The Egyptian Pound can vary significantly in value against the British Pound, but sticks fairly close to the value of the US Dollar. You do not need to arrange to bring any Egyptian Pounds with you to Egypt, as change facilities are available in all the hotels, airports and banks. You should try to obtain and keep hold of small denomination notes or coins on you during the tour as these are useful for toilets, tips and small purchases. ATMs are readily available in major towns and many local shops will accept VISA/Mastercard or Amex, but may charge fees of up to 10% - check before you pay. Travellers cheques are not recommended as they can not be changed in many places now, and can incur high fees.

While in Egypt you will need sufficient funds to cover meals not included in the itinerary, drinks, snacks, souvenirs and personal expenses such as laundry. These should generally all be paid for in Egyptian Pounds. You may also need to pay for the tour Tipping Kitty and site Entrance Fees while you are in Egypt. Payments for these may be made to your tour guide in hard currency (USD, GBP, EUR) at the start of your tour. Please see your tour Included/Excluded details for more information and guideline amounts for these.

It is difficult to recommend a level of personal spending money which will suit everyone as this can differ greatly, but as a guideline, we would suggest allowing USD 15-25 per person per day as a minimum. Allow more if you plan on doing lots of shopping, or buying many alcoholic drinks.

19 MONEY - SUDAN

The Sudanese Pound (SDG) = 100 piasters. Notes are in denominations of SDG50, 20, 10, 5, 2 and 1. Coins are in denominations of 50, 20, 10, 5 and 1 piasters. The Sudanese Pound has replaced the Sudanese Dinar, which was phased out on 30 June 2007. 1 Sudanese Pound = 100 Sudanese Dinars = 1,000 old Sudanese Pounds.

Please note that credit cards and debit cards are NOT currently accepted in Sudan.

The best place to exchange money is at the airport, the rates are often much better than the rates at hotels. Currency should be exchanged only at official bureaux de change and banks, and receipts should be retained. There are severe penalties for changing money on the black market. Please note that only new US Dollar bills are accepted in Sudan - old or worn bills will not be accepted.

20 WHAT TO TAKE

Luggage: To facilitate easy transport of everyone luggage in the vehicles, we ask that you bring soft luggage with you, and not rigid suitcases. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in your accommodation during your sightseeing trips – you will not need to carry it far, and there are nearly always hotel porters to assist.

Luggage limits: Again to ensure space and comfort in the vehicles you will be travelling in, we request that you bring no more than 15kg of main luggage on this tour. For hand-luggage most airlines allow between 5kg and 10kg and we ask that you try to restrict yours to 5kg max.

Clothing: Sudan's climate ranges from hot and dry in the north to humid and tropical in the equatorial south. October to April is the best time to visit. Temperatures range from 30-38C during the day in October/November and March/April (12-18C at night), and 25-30C in December/January/February (5-10C at night). The summer months can go well over 40C though we don't generally run tours during this period. Dust storms (the haboob) blow occasionally from July to August and November to January. You will need clothing for very hot days but you also need warm clothes for the evenings and nights when the temperature can drop significantly, particularly in the deserts.

Sudan is largely Muslim and operates a version of Sharia law. Modesty rates highly in Sudan, especially for women, so please ensure clothes are loose fitting and not too revealing. Visiting women not expected to wear a veil or cover their heads but we suggest you bring a headscarf or sunhat with you anyway as it is often welcome in the desert and hot sun. Neither men or women should wear shorts.

Other items: Bedding (sheets, blankets, pillow) is provided in the Meroe desert camp but we recommend bringing a light sleeping sheet or sleeping bag liner for comfort all year round (even with the best efforts, sand can find its way pretty much everywhere). We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

Nimitti: Between February and the end of April there may be lots of “nimitti” which are small,

harmless, but extremely annoying flies in the north (Tombos, Soleb area) – these flies are the ones that make the pollination of the palms. We will provide fly nets to wear over the face, and the tour leader will recommend to wear long sleeved tops.

21 DATES & PRICES

We run regular small-group departures on this tour starting on Thursdays between October and April. All departures are guaranteed to run with a minimum of 4 travellers. If there are only 2 or 3 travellers per date we can still run the tour but an extra supplement will be due. Departure dates and prices are listed on our website and on a separate dates & prices sheet available on request.

Private and tailor-made tours are also available on any date; please contact us for details and prices.

22 BOOKING & PAYMENT

If you would like to book a place on this tour, please complete the online reservation form on our website (via the Dates & Prices tab on the tour page). You can pay your deposit or full balance online, or just hold a reservation if you prefer. We will then contact you with more details about how to complete your booking. Payments may be made by debit or credit card (subject to a card processing fee), or by making a bank transfer or posting us a cheque/bank draft. Full details will be provided in your booking confirmation email. Please [contact us](#) if you would like any more information or have any questions before making a booking.

23 TRAVEL INSURANCE

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event). [More information...](#)

You may arrange your own insurance, or you can take advantage of a comprehensive policy that we can arrange for you through Endsleigh Insurance which has been designed to be suitable for our tours. The policy is available to travellers of all nationalities and you do not need to live in the UK to take out the policy. For full details of cover provided, prices and to apply for one of our policies, please complete [travel insurance application form](#).

Note: Any country that borders the Mediterranean is considered as 'Europe' for the purposes of travel insurance (including Turkey, Israel, Egypt and Morocco). If you are doing a tour that visits one country in 'Europe' and one that is 'Worldwide' (for example, an Egypt and Jordan tour), then you need a 'Worldwide' policy. When completing the form you should enter your travel dates including any extra days involved in overnight flights or connecting travel between your home and the tour. Our policies are not able to cover any extra time or activities other than your tour and options booked with us and your travel to & from home.

If you plan to arrange a hot air balloon flight locally, or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

24 FINANCIAL SECURITY

We are a UK registered company and an ABTA Member (Y4447) and you can be confident when booking with us that your money is safe and protected.

If you book a flight departing from the UK from us with your tour, or if you live in the UK and your tour includes domestic flights, then your entire package is ATOL protected by the Civil Aviation Authority. Our ATOL number is 10467.

Additional financial protection is also provided through a financial failure insurance policy provided by Affirma for passengers not booking flights.

Please see [our website](#) or [booking conditions](#) for more information.

25 RESPONSIBLE TOURISM

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.
- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Egypt Uncovered shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

27 BEFORE YOU TRAVEL

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's '[Travel Aware](#)' campaign which provides further useful and invaluable information.

Note: Please download an up-to-date copy of these tour notes shortly before you travel as itineraries and information does change from time to time.
